RE: Application by New York Telephone Company (d/b/a Bell Atlantic – New York), et al., for Authorization To Provide In-Region, InterLATA Services in New York, Docket No. 99-295

Dear Mr. Atkinson,

In response to your request for a simple flow chart showing order processing, we have attached a chart depicting the flow of UNE platform orders, which are being heavily used for mass market entry in New York. The information in the chart is based on performance over the months of June through October for the “best in class” among the CLECs with the highest volume of orders.

Please let me know if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Dee May".
